2019-20 School Theme "Lives without Limits"

Tuesday, April 14, 2020

Dear Parents,

Boy, do things change fast! I watched the press conference today like many of you. To be honest, I was not surprised. In fact, three weeks ago CVHS started making plans for four graduation contingency plans A, B, C, then D. We are prepared and have started getting things approved by the district.

I want you all to know that we are treating this as an opportunity to do things very differently. We desire to honor our seniors in a way that will make history. We still have to get input from our school board, ASD, teachers, and student body officers. Then, we will have yet another "reveal" of what that plan will be! You all know how I love reveals! Please know we will make this as special as we can.

Many of you have emailed me today after Governor Gary R. Herbert and State Superintendent Syd Dickson's announcement earlier today that Utah schools will be closed to in-person learning for the remainder of the school year. You are so amazing and want to help us make this special. Many of you asked questions and I'm doing my best to get back to you, but I don't have all the answers yet.

I know our educational and state leaders' highest priority is ensuring the health and safety of the students, schools, and communities during this challenging time.

Please know that I love you all so very much and feel so blessed to have had this first successful year with you all. We need to remain strong and positive so our kiddos will feel that we can do hard things and that we can tackle anything that comes our way! They are watching all the adults in their lives right now and we have to be strong and resilient! This might be one of the best lessons of their lives that students will never forget.

I will share all the new information I receive over the next few days with you! More to come!

Sincerely,

Courtney Johnson

CVHS Principal
